1935 JOP \$1.
*ICCS EF-40 JOP C/S
incused initials, no periods*

ND Queen Victoria 3 pence.
Incused Mirror Brockage

Great Britain 1820 Maundy Set.
magnificently toned

Welcome to our latest auction, taking place at the Regina Coin Club's 2010 Spring Show. The auction includes part VII of the Roy Miller Collection.

We offer a wide array of lots, from ancient Roman to more modern world coins, including a cased 1820 British Maundy Money set with exceptional toning on both sides.

Our small Shipwreck section includes an East India Company 1808 10 cash salvaged from the wreck of the Admiral Gardner which sank on its way to India with its cargo of coins.

Canadian decimal coinage is well represented with a 1937 Mirror Specimen 5 cents with a Cameo, a rare 1906 Small Crown 25 cents and a 1935 counterstamped JOP dollar bearing Joseph Oliva Patenaude's incuse initials only, with no periods.

Errors are led by a rare British Queen Victoria 3 pence with an obverse mirror brockage resulting from the first strike of a capped die. The sunken (incuse) image of the queen on the reverse exhibits the exact same die crack as on the obverse.

Several sets of Hudson's Bay Company tokens are once again a highlight of the auction including a set of six 1946 Eastern Arctic tokens, including the 1 White Fox as well as a short set of tokens from the famous South Dakota Hoard.

A nice selection of commemorative medals includes 2 huge 77mm British rarities, including the 1862 Britannia Prize medal and the 1855 Sardinia medal, one of only 350 struck.

Canadian paper money includes a 1954 Modified Portrait Million Numbered \$1 Note with the serial number H/Y 1000000.

One of the highlights of the auction is a large number of books and catalogues from the personal collection of Daniel Gosling, the President of the Royal Canadian Numismatic Association.

We hope you will enjoy this catalogue as much as we enjoyed producing it.

Good luck with your bidding.

There is no buyer's fee in this auction.
